4. PREMIUM INSURANCE

Better safe than sorry! We all know how important insurance is in our business – this is why basic insurance is included in the rent price of all items at Avesco Rent. However, it is never too safe, right? Avoid unexpected expenses with premium insurance service that significantly lowers the price of the deductible franchise (in case something BIG happens, that is not covered by basic insurance). Few clicks for additional insurance can make your life so much EASIER!

The rates of premium insurance depend on equipment.
